3: Legal Background

Our school is committed to meeting its public sector statutory duties as detailed below.

Our General Duty under the Equality Act 2010:

The purpose of this policy is to set out how our practice and policies have due regard to the need to:

-  **Eliminate discrimination**, harassment, victimisation and any other conduct that is prohibited by or under this Act.
-  **Advance equality of opportunity** between persons who share a relevant protected characteristic and persons who do not share it
-  **Foster good relations** between persons who share a relevant protected characteristic and persons who do not share it.

The Specific Duties of the Act enable schools to meet their obligations under the Public Sector Equality Duty (PSED)

The specific duties require schools to:

-  Publish annually information quantitative and qualitative, showing compliance with the public sector equality duty (PSED) set out in clause 149 of the Equality Act 2010.
-  To set, every four years, one or more specific, measurable equality objective, that furthers the aim of the equality duty.

Protected Characteristics

The Equality Act 2010 protects pupils from discrimination and harassment based on protected characteristics. The protected characteristics for school provisions are:

-  age (for staff only)
-  disability
-  ethnicity and race
-  gender (sex)
-  gender identity and reassignment
-  pregnancy, maternity and breast feeding
-  religion and belief
-  sexual orientation

Disability

At Nascot Wood Junior School we implement accessibility plans which are aimed at:

-  increasing the extent to which disabled pupils can participate in the curriculum;
-  improving the physical environment of our school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
-  improving the availability of accessible information to disabled pupils.

Community Cohesion

Community Cohesion supports good practice in educating pupils about equality and diversity. It contributes to the school's efforts to provide a broad, balanced curriculum through:

-  teaching and curriculum provision that supports high standards of attainment, promotes common values, and builds pupils' understanding of the diversity that surrounds them
-  lessons across the curriculum that promote common values and help pupils to value differences and challenge prejudice and stereotyping
-  a programme of curriculum-based activities whereby pupils' understanding of community and diversity is enriched through fieldwork, visits and meetings with members of different communities
-  support for pupils for whom English is an additional language to enable them to achieve at the highest possible level in English

5: Engagement

Involving our learners, parents/carers and others

Engagement – Participation and Involvement

Our school is committed to encouraging everyone to contribute to the development and review of all policies and practices affecting the life of the school and its impact within the wider community.

We have welcomed the participation and involvement of people from broad and diverse backgrounds and of different abilities.

Vulnerable pupils are supported in expressing their views and participating fully in school life by making the following reasonable adjustments:

- Presenting information visually
- Supporting opinion through discussion with peers and adults
- Providing a supportive framework for discussion
- Establishing a culture of respect where all opinions are listened to and considered
- Ensuring participation and involvement from all children by overcoming any barriers to learning

Consultations on the Equality Scheme were carried out using Survey Monkey. We contacted staff, governors and parents sending an email with a link for them to complete. We had 221 responses from children, 52 responses from parents and 36 from teachers/governors.

Parents or governors identified as having difficulties with accessing IT are given bespoke support from the School Office.

6: Using information – Equality Impact Assessment, data and other information

Evaluating the impact in terms of the outcomes

Equality Impact Assessment (EQIAs)

EQIAs help us to ensure that there is no unlawful discrimination against certain individuals or groups and that the positive duties are promoted. It is a way to ensure we meet diverse needs of our pupils/students and staff and that diversity, equality and inclusion run through all areas of school life.

We collect a range of information relating to incidents of harassment and bullying including those relating to racism, homophobia, disability and gender.

We use various data to help us analyse the effects of our policies on protected groups

- ASP online data for the attainment of different groups
- Incident reports and the accident book
- Qualitative surveys and questionnaires (SEE 5)
- Self-Evaluation through the SEF
- We conduct student voice activities such as anti-bullying questionnaires.

The Local Authority supports the school's self-evaluation with regard to the equality agenda and helps us to identify our strengths and those areas requiring action.

7: Our School's Equality Objectives

The following school equality objectives were chosen because either:

- They are priorities from the previous Equality Scheme that require more work
- They are on-going for the new generation of children in the school
- They already feature as key priorities in the SDP, *or*
- They have been identified as important during the consultation process

8: Setting Equality Objectives Action Plan
