Please help us by completing our parent's questionnaire

We would like to ask for your help by giving us your views.

We value your feedback and we use it to evaluate our provision and plan for the future.

For example, your responses to our survey about the children's experience of the virtual classroom provided us with evidence that we could use with outside agencies to evidence the work we have done.

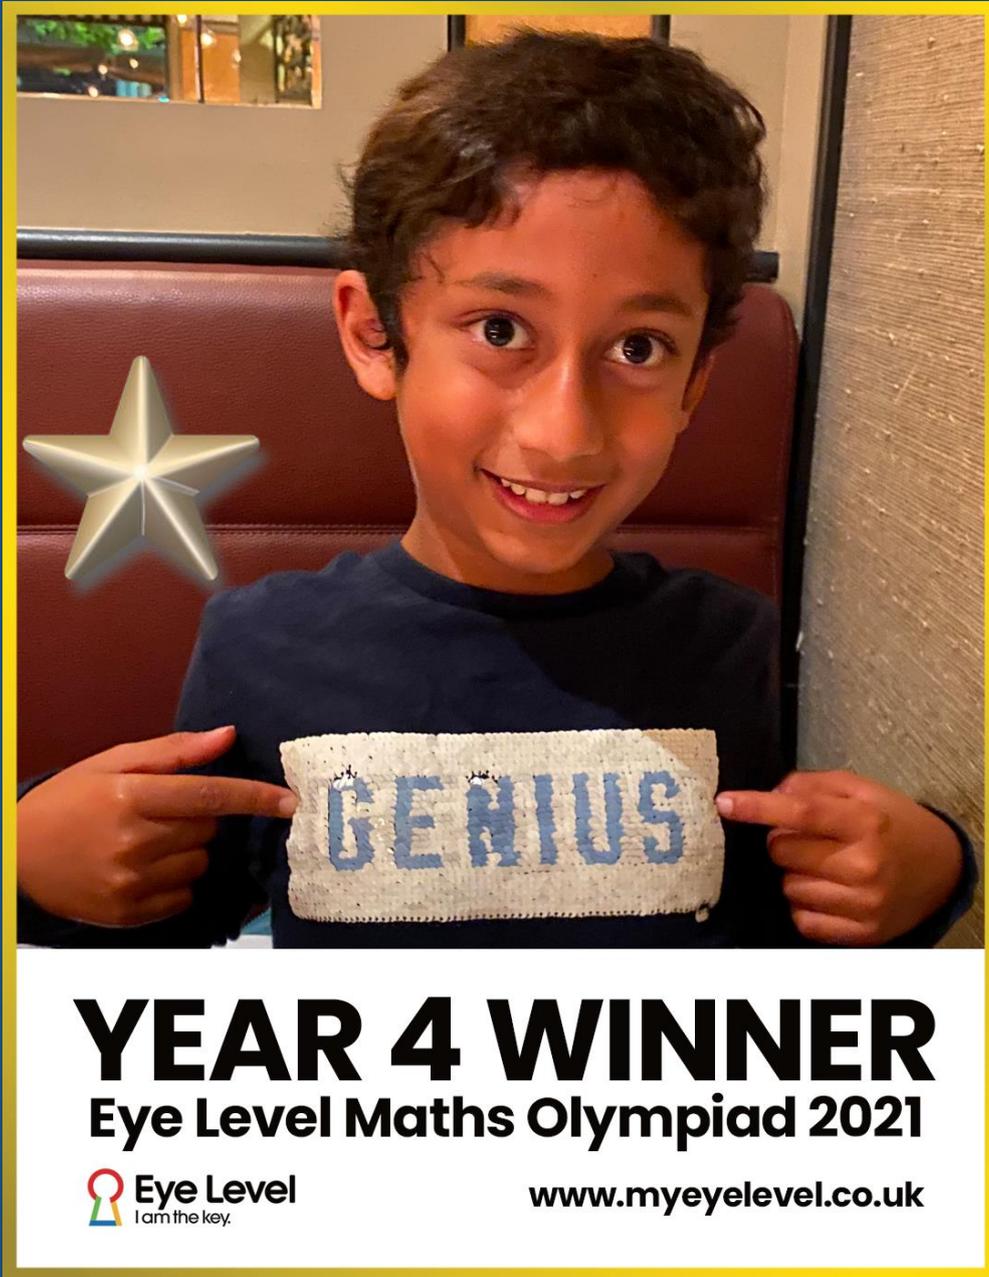

In the following survey, we have used the questions provided by Ofsted in their parent view questionnaire. In addition, however, we have made it more accessible by populating a google form, thus removing the need to log in to the site.

By completing this, you will also provide us with up-to-date evidence of parent views for a future Ofsted inspection.

Please can you complete the questionnaire by clicking the link [here](#)

Thank you for your help.

Many congratulations...
