15th March 2024

Dear Parents,

We have been lucky enough to secure a fantastic opportunity for the children in the form of a science show presented by The Royal Institution, famous for delivering the Annual Christmas lectures that you may have seen on TV.

They will be visiting our school on Thursday 18th April to deliver a show titled Energy LIVE!; an exciting, audience-led show, delving into the different stores of energy and how they affect our lives. There will be a separate show for years 3 and 4 and another for years 5 and 6. This show will cover important content from the KS2 national curriculum for both physics and chemistry.

There will also be an exciting opportunity for parents and families to attend an after-school, community science show on the same day. Details on how to book this are sent in an accompanying letter.

The cost of the show is £3 per child payable via School gateway by 15th April.

If insufficient contributions are received, then the activity may not be able to take place.

Experiences such as this are invaluable to the children's development, both educationally and culturally, so we thank you for your continued support.

Best wishes,

Majeeda Ahmed

Science Lead
