Dear Parents,

This week, the children in year 6 have been sitting their SATs tests.

These are national tests in English Grammar, Punctuation and Spelling, Reading and Mathematics. As always, the children were focussed and hard-working throughout the week and I was proud of how they approached this important week.

We were pleased that we were able to open the swimming pool this week, allowing the year 6 classes a chance to swim in the afternoons.

Many thanks to Mr Watts who has spent many hours preparing the pool.

Year group swimming will begin next Monday – please see the email sent out today regarding the timetable and swimming kit.

With best wishes,

Christina Singh

Gallery

Mr Watts and I enjoyed visiting Tannaz Oroumchi's exhibition which takes an artistic look at Watford's architecture.

Tannaz is one of our parents, and her exhibition runs from the 10th May – 10th June 2024 in Cheslyn House, Nascot Wood Road.

Tannaz takes an abstract approach to architectural drawing to develop more experimental ways of creating and constructing buildings.

Tannaz worked with some of our children recently, running workshops where the children had time to explore mark-making and colour.
